SOUTHERN VISION ALLIANCE

Grassroots Intermediaries...

- ...**build movement infrastructure** to support a broad ecosystem.
- ...**work with community-based organizations led by directly-impacted communities**. Our partners use organizing as a primary strategy to build and win power for social, racial, economic, gender, and environmental justice.
- ...have their finger on the pulse of the movement. During times of crisis we can **mobilize and move resources quickly to support groundwork** led by those most directly affected.
- ...can **provide fiscal sponsorship to take on the risk and business operations** of the communities they serve, enabling them to focus on their program work while we take care of the payroll, insurances, benefits and more.
- ...**hold space for leaders** to come together to learn, strategize, and increase alignment.
- ...**value deep relationships** with groups that believe in collective impact.

**Supporting
QTBIPOC
Communities to
Build Power**

QMF has given out 160 grants since its inception in 2017.

The **Queer Mobilization Fund (QMF)** is a grassroots capacity-building fund under SVA's Frontlines program, **prioritizing and supporting QTBIPOC leaders on the frontlines to build power for and within queer communities in the US South.** We prioritize funding for groups who **emphasize base-building, hold aligned values, and organizing for change in their communities.**

QMF funds grantees across 12 southern states

Louisiana Trans Advocates is the only statewide organization focused on the well-being of trans and gender-nonconforming folks across Louisiana. Our work generally falls into three areas: Advocacy, Social Support, and Education. We're most known for our support groups around the state that have continued for over a decade and our over a decade of being involved in statewide policy advocacy work to protect trans* Louisianans from harmful legislation.

LATRANSADVOCATES.ORG

As of 2024 QMF supports a cohort of 50 grantees, creating spaces for strategizing, organizing, and building capacity to win power and visibility across the South.

NC People's Power Coalition

Join one of our three working committees to:

Build a Local Worker or People's Assembly

We must build real worker and people's power at the local level. Our vision is to bring together working class and oppressed people and our coalition member organizations on a regular basis to engage in struggle together. This is how we deepen our work across the state, and engage and build up everyday working class Black and Brown leaders! We currently are working to build assemblies in Asheville, Charlotte, Durham, Greensboro/Winston, Raleigh, Granville County and elsewhere. Join us!

Mobilize Against Attacks from State Legislature

Our coalition of 125+ organizations was founded in 2023 in the midst of massive attacks on the rights of the people. Last year, the state Legislature gutted our rights to abortion, vote, live safely as LGBTQ people and immigrants and so much more. State workers, teachers and all workers did not get the raises they deserved, instead corporations and the wealthy got more tax breaks. We helped mobilize people from across the state to participate in two statewide Days of Action to bring people power to the General Assembly. This year we need you to help continue the fight back! Read more about our Political Action Agenda on our website.

Mass Popular and Political Education

We also have a committee that is focused on developing popular, worker-friendly literature to educate our people about all the attacks we are facing, and how to fightback. We are also organizing statewide educational forums, as well as bringing trainings into the local assemblies. Join this committee to help us continue to develop this important work!

Hold Space and Promote Alignment and Solidarity

Strategy
Three

"We had a fantastic time in the People's Solidarity Hub space. Trainers and participants alike gushed about how wonderfully the space met our needs with so many thoughtful details. Having political education and history books in the space was a lovely touch. The giggles spilling from the backyard and the childcare space suggested that our children too had a delightful time. It was our first time facilitating a large day-long workshop in-person since the pandemic began. We can't wait to return!" - Ready the Ground Collective
